Differentiators

Special Order Government CD/DVD & Blu-ray discs labeled to your agency's exact specifications and needs.

- ✓ Government classifications and color coding are in accordance with ISSO standards as required by 32 CFR parts 2001 & 2003 and EO13526.
- ✓ High quality silk screened disc labeling provides for true spin rates protecting your data.
- ✓ USB drives are color coded and silk screened to ensure fast identification.
- ✓ SF Labels are high quality vinyl with strong adhesive backing.

A range of **CD & DVD supplies** including CD sleeves, jewel cases, and spindles that can hold up to 100 discs. Special CD pens to ensure permanent, non-smudge marking.

Past Performance

Our government classified discs, USB drives and labels have been purchased by all branches of the US armed forces, the FBI, Homeland Security, NASA, NSA, Department of Defense, Secret Service and NATO. They have also been acquired by numerous government contractors needing to meet Federal Standards for media classification.
